ENCHANTED SLIDE 12.6' X 23.6' X 16.6'h (3.88 x 7.60 x 5.6hM)

ALLOW 17'X28'X18'h (5.1wx8.5lx5.5h M) MINIMUM CLEARANCE FOR BLOWER AND MOVEMENT

We require a minimum entrance way clearance of 4 foot ' to deliver this unit.

You need to be aware that in high winds Ropes, attached to the top of the 'Belly' and on the rear of the unit, must be fixed to the ground so may require extra space than the minimum depending on the weather.

This unit 'Bellies' out the sides when blown up so although the foot print is 12'6 wide, you must allow a bare minimum of 3 foot clear each side for this and for us to access the blower at the rear and to peg down each side.

NO SAFETY MATS SUPPLIED AS STANDARD WITH THIS UNIT – SAFETY STEP ATTACHED

NB. THIS UNIT HAS WIZARD ARTWORK NOT SHOWN IN THIS PICTURE.
